

Strength  
& Beauty  
*It runs in the family.*

 **C&D**  
LUMBER CO.

Great People. Great Products. Great Customers.

Find both strength and beauty in our Premium Exposed® Products. No matter what the project's specifications are, you can count on C&D's Premium Exposed® timbers for superior quality.

We take extra steps to ensure our product is worthy of any project—and the tree the timbers came from:

- All Premium Exposed® products are graded on an in-house grade rule which exceeds WWPA's standards for pitch, shake and wane.
- All our products are anti-stain treated and paper-wrapped, guaranteeing superior quality and a clean blemish-free appearance.
- We certify that we meet or exceed the rigorous regulations set forth by the Oregon Forest Practices Act.

Beyond that, we're happy to custom cut up to 26-foot timbers, fulfill special orders, and provide you with mixed loads. At C&D, we want to work with you to make every project great.

Great People. Great Products. Great Customers.
